

# 2024 FREE PHYSICALS

## School Entry Physicals (Preschool and Kindergarten)

## FAMILY PHYSICIANS

You do not have to be a patient of one of our medical providers and no follow up obligation is required.

Your child's health and safety is a priority, that's why Family Physicians has made a commitment to offer thorough and complete school entry physicals for our community's growing students.

This physical will be treated as a well-child visit which is encouraged and covered by most insurance plans. If this is not a covered benefit by your plan, or you do not have insurance, you will not be charged for the physical.

Prior to your appointment, please obtain and complete your portion of your school's specific physical form.

*\*Please contact your school for more information, as each school has specific requirements.*
